

Seasonal Aquatics Office at Sunset Park

2601 E Sunset Road
Las Vegas NV 89120
455-8508

Monday – Friday 8:30 a.m. – 4:30 p.m.
Sharon Cornell– Recreation Program Supervisor

Send mail-in registration for certification programs to:

Seasonal Aquatics Office at Sunset Park
2601 E Sunset Road
Las Vegas NV 89122

Registration

You may sign up at any Clark County Community Center for the classes listed below. Online is only available on select classes. You must pre-register for a class. Mail-in registration does not guarantee a position in the program. Space is limited first come first served.

Wait List for Training Classes

If the class you are interested in is full please ask to be added to the Wait List. All participants on wait list should attend the first class ready to swim and be ready to participate in case of no shows; phone calls will NOT be made to remind you to attend. If you are admitted into the class, you must pay in full that day.

Refund Policy

Clark County cannot immediately disburse funds. Refunds take 6-8 weeks to process through the Clark County Treasurer's Office. To receive a full refund cancellation must be requested prior to close of business on the first day of class. NO refunds will be given after the first day of class. **In order to transfer/receive a refund you must contact Seasonal Aquatics 455-8508**

Employment Opportunity

Clark County Parks and Recreation is currently recruiting individuals 15 ½ years and older for the 2011 summer season. Training is at a reduced rate (\$70 for Lifeguarding and \$80 for WSI certification) for those who sign an employment contract. Positions available from \$9.00 hr. - \$15 hr. depending on experience and certifications. Applications are available online at <http://www.ClarkCountyNV.gov/parks> Clark County is an Equal Opportunity Employer.

Course fee is \$70 for those who sign an employment contract with Clark County, \$140 for others. Must be at least 15 years old to take the class. Class fees include book, CPR mask, and certifications. Lifeguard Training Class curriculum includes lifesaving skills, First Aid, and CPR/AED for Lifeguards. Pre-requisite skills include: 300-yard continuous swim and a timed retrieval of a weighted object from 7-10 feet of water. Pre-registration required. All classes must be attended to successfully complete the course.

Lifeguard Training Instructor Course

This course will prepare instructor candidates to teach professional level courses in Lifeguarding, CPR/AED, First Aid, and other aquatics related programs. To receive certification, candidates must pass a pre-course session which includes all basic lifeguard skills, scenarios, and written examinations, attend and participate in all class sessions, and pass final written and skill exams. In addition, instructor candidates are expected to demonstrate maturity and responsibility in all class sessions.

Lifeguard Training Instructor Course

3	May 17, 18, 19, 24, 25, 26	Tuesday 2:30 - 8:30 p.m.	Wednesday 2:30 - 8:30 p.m.	Thursday 2:30 - 8:30 p.m.		012281.3A01	Paradise
*The WSI class located at Sunrise/Bob Price/Cora Coleman is scheduled as follows; Sunrise Pool will be utilized for all water skills and classroom activities will be conducted at either Cora Coleman or Bob Price. The First day of the class will be at the swimming pool.							

CPR/AED for Lifeguards — Challenge

Course fee is \$45 & students must be at least 15 years old. This class is for the general public to certify in CPR/AED for Lifeguards.

Objectives: Pass written exams and successfully demonstrate all associated skills. Participants will be tested to the standards set by the Guidelines 2007. All responsibility for preparedness rests solely on the participant. **American Red Cross CPR/AED for Lifeguards Certification is valid for one year.**

Prerequisites: The purpose of a challenge is to provide individuals with the opportunity to demonstrate their skill and knowledge competency outside of the formal class setting. The participant has the sole responsibility in preparing for the knowledge and skills test. Anyone is eligible to participate in a challenge. Individuals who do not hold a current American Red Cross certificate (or equivalent) may participate in the challenge option only one time. Non-certificate holders who do not pass the knowledge and skills test must then take the full course. They will not be allowed to attempt the challenge again. Individuals who possess a current American Red Cross certificate (or equivalent) may challenge as often as they like, as long as the certificate remains current. **Must show current proof of certificate at beginning of class. Bring your pocket mask with you or purchase one from Seasonal Aquatics (455-8508) for \$15 prior to the day of the class.** Those who do not have a mask on class day will not be allowed to continue in the course.

Recommended Study Materials: The Lifeguarding Participant's Manual is available for purchase at your local American Red Cross chapter.

Lifeguarding and First Aid Challenge

Course fee is \$55 & students must be at least 16 years old. This class is for the general public to certify in Lifeguard Training and First Aid. Be advised that on the class day you will need a swimsuit (one piece for girls) to complete required skill scenarios.

Objectives: Pass written exams and successfully demonstrate all associated skills. Participants will be tested to the standards set by the Guidelines 2007. All responsibility for preparedness rests solely on the participant. **American Red Cross Lifeguard and First Aid Certification is valid for three years.**

Prerequisites: The purpose of a challenge is to provide individuals with the opportunity to demonstrate their skill and knowledge competency outside of the formal class setting. The participant has the sole responsibility in preparing for the knowledge and skills test. Anyone is eligible to participate in a challenge. Individuals who do not hold a current American Red Cross certificate (or equivalent) may participate in the challenge option only one time. Non-certificate holders who do not pass the knowledge and skills test must then take the full course. They will not be allowed to attempt the challenge again. Individuals who possess a current American Red Cross certificate (or equivalent) may challenge as often as they like, as long as the certificate remains current. **Must show proof of certificate at beginning of class.**

Recommended Study Materials: The Lifeguarding Participant's Manual is available for purchase at your local American Red Cross chapter.

6 Out of Town	May 13	Friday 2:30 – 9:00 p.m.	Laughlin Pool	3881.3A03

Important Health & Safety Requirements

A complete list of pool rules may be obtained at the reception area of each pool. Pool rules are enforced for the public's safety. Additional health and safety rules are as follows:

- Appropriate swimwear must be worn as required by the Health District.
- During inclement weather or due to other circumstances, the pools may be closed.
- Only Coast Guard approved flotation devices are allowed. Inflatable devices are not permitted.
- Lifeguards' direction must be followed at all times.

Drowning Prevention Information

Death and injuries

- A swimming pool is 14 times more likely than a motor vehicle to be involved in the death of a child age 4 and under
- Each year, approximately 1,150 children ages 14 and under are hospitalized due to near-drownings
- Of children surviving near-drownings, 5-20% suffer severe and permanent disability

Where Drownings Happen

- Approximately 50% of preschool aged drownings occur in residential swimming pools
- Each year, more than 2,000 preschool aged near-drownings occur in residential pools
- Each year, 350 drownings (for all ages) happen in bathtubs
- Each year, approximately 40 children drown in five-gallon buckets
- Nevada is one of the 10 states in the US where drowning surpasses all other causes of death for children aged 14 and under

How and When Drownings Happen

- Of all preschool aged children who drown, 70% are in the care of one or both of their parents at the time of drowning
- Of all preschool aged children who drown, 75% are missing from sight for five minutes or less

Parent Drowning Prevention Tips

- Never leave a child alone near a pool, spa, bathtub, toilet, water-filled bucket, pond or any standing body of water
- There is no substitute for adult supervision, make sure an able adult is constantly watching
- Drowning and near-drowning occur in familiar surroundings during very short lapses in supervision, such as leaving to answer the phone or the doorbell
- If you must leave the area, take your child with you
- Do not have older siblings watch younger children in the water as they are often not trained or mature enough to handle the responsibility
- Do not rely solely on swimming lessons, life preservers, or any other equipment that makes your child "water safe"—these only minimize risk, they are not foolproof
- A fence or wall barrier should completely enclose your pool or spa
- All gates or doors leading to the pool area should have a self-closing and self-latching mechanism that protects against unauthorized entry and use
- It is recommended that homes with pools have alarms on windows and doors to notify you if someone leaves the house to enter the pool area
- Do not place objects near the pool or spa fence that could allow a child to climb over
- Do not leave toys or objects in the pool area that will attract your child, put them away out of sight
- Learn to swim
- Never swim alone, always swim with a buddy
- Take a CPR and First Aid course and keep emergency phone numbers and a portable phone poolside
- Check the pool area first if a child goes missing
- Constant adult supervision is essential!

Aquatics – Registration Form
